### Jan. 18, 2023 Legal Session

- Leading environmental lawyers provide valuable insights into the most recent environmental case law and the changes to legislation involving upcoming regulation of the hydrogen industry in BC, changes to the regulation of professionals under the Professional Governance Act, and the federal government's ban on certain single use plastics.

- **Luke Dineley, Borden Ladner Gervais LLP - Environmental Case Law Update**

Mr. Dineley will review notable environmental law decisions of the past year, highlighting key trends from the cases.

- **Jennifer Nyland, Lawson Lundell LLP - Legislation Update**

This talk will cover several pieces of new/amended legislation, including a high level overview of how the hydrogen industry will be regulated in BC according to the recent Energy Statutes Amendment Act, 2022, updates to the governance of professionals (such as agrologists and applied biologists) under the Professional Governance Act, and the federal government's ban of certain single use plastics under the Single-use Plastics Prohibition Regulation.
